

Week 2 — Max Norén

- What do I want to learn or understand better?
 - How to write effective user stories
 - How to make effort estimations
- How can I help someone else, or the entire team, to learn something new?
 - Encourage the team to push forward and try something new instead of getting stuck on definitions and being completely correct. Better to try and learn and learn from failure than nothing at.
 - Try making more clear and understandable decisions after discussions on a topic by trying to finish with explicit questions and voting.
- What is my contribution towards the team's use of Scrum?
 - Contributing in initial draft of Product Backlog with Epics and user stories.
 - Being part of setting up initial team organization of product owner, scrum master and meeting format.
 - Defining project scope
- What is my contribution towards the team's deliveries?
 - Writing Epic and user stories
 - Finding and expanding the project scope
 - Keep contact with TA to verify project rules and viability.
